

# HCLS BREEDING BEEF SHOW RULES AND REGULATIONS

**General rules and regulations of show apply.  
See official show schedule for all show times.**

A separate breed division will be established for any breed having 3 or more **registered** animals entered. Three or more entries representative of given breed will constitute a competition for that particular breed - i.e. Any breed having 3 or less will show in an American, English, Exotic. A Non-Registered division will be created for in county cattle that are not registered at the time of the show. All registered cattle entries must be accompanied by a photo static copy of registration papers or pending transfer to show proof of ownership by exhibiting 4-H or FFA member at the entry deadline date.

Revised 7/20/2015

## **Breeding Beef**

Separate breed divisions will be established for any breed having 3 or more entries.

1. September 1, or after.....0-8 months
2. May1-August 31.....8-12 months
3. January 1-April 30.....12-16 months
4. September 1-December 31.....16-20 months
5. May 1-August 31.....20-24 months
6. January-April 30.....24-28 months
7. September-December 31.....28-31 months
8. Champion Female
9. Reserve Champion Female
10. Grand Champion Female
11. Reserve Grand Champion Female

Ribbons will be awarded through six places in each class.

1. All divisions will be broken down into classes above identified. A Grand Champion and a Reserve Grand Champion Female will be selected from all the various divisions.
2. Junior Breeding Beef Exhibitors must report their entries to the association secretary by Entry Deadline Date accompanied by non-refundable entry fee. 4-H leaders and FFA advisors must check in with the Beef Superintendent to have papers on all Breeding Beef checked in between 5:00 p.m. - 9:00 p.m. on the day of arrival. Heifers whose papers are not checked in during this designated time will be placed in the Non-Registered Division.
3. All heifers will be shown "blow and go". No adhesive.
4. Heifers that are two years of age or older must have a calf at side or be certified as safe in calf by a licensed veterinarian or be enrolled in a certified embryo program.
